TESTIMONIAL TO GIDDINGS.

The colored people of New-York and Brooklyn last evening, at the South Presbyterian Church, corner of Prince and Marion streets, presented to the Hon. Joshua R. Giddings a free American gold watch, as a testimonial of their affection and gratitude. A large Bible was also presented to him in behalf of the ladies of the Giddings and his Association. The church was crowded, and a large number of colored people, and the proceedings were constantly interrupted by applause. The Rev. sever opened the meeting with prayer, the Mr. Garnet made the presentation, and Giddings responded, telling some stories about his life in Ohio, which excited the audience intensely. He said that war had been declared by the Supreme Court on the blacks, and black men must meet it. He did not count war, but he would say, as he said in the House of Representatives to slaveholders and daughters, that if he were a slave and God gave him the power, he would gain his liberty if he had to travel from Mississippi to Malden over the dead bodies of slaveholders. He counselled resistance to any and all attempts to enslave. In Ohio, he said, they had elected a Supreme Court which would support and protect the liberty of the citizens at the expense of any conflict with the officers of the United States.

A NEW READER.

Mrs. Laura Bishop read last night at Clinton Hall, before an appreciating audience. She is a lady of prepossessing appearance, and has a good but not very flexible voice, which she manages with considerable effect. Of course, like all novices, she chooses the most difficult pieces within the range of literature, and consequently goes beyond her strength. Her execution last night was very promising, except in these unfortunate selections, in which she will require years of practice to excel.

STARBURGH AFFAIR.

Last night, at 11 o'clock, one Martin Gallagher and Wm. Bucklemy, proprietors of a grocery store, corner of Park and Baxter streets, got into an altercation relative to the payment for a glass of liquor, when the former, becoming greatly enraged, struck the latter in the face with his fist. Bucklemy seized a large cheese-knife, and rushing at Gallagher, stabbed him in the stomach, inflicting a severe and probably fatal wound. The cry of murder soon brought the police to the spot, when Gallagher was removed to the Hospital, and Bucklemy was apprehended and locked up in the Sixth Precinct Station-House.

THE STOCK MARKET.

The stock market was active to-day for several of the prominent speculative share securities, and, except for one or two of the Western Railways, the tone was that of steadiness and firmness, without buoyancy. The largest transactions at the First Board were in Hudson River, which was dealt in to the extent of 2,500 shares, and advanced to 31. Reading, under a brisk demand for cash stock, sold at 30 on the call, and between the Boards went up to 31 on account of the scarcity of stock. The buyers seem to be operating mostly on Philadelphia account. At the Second Board, the quotations fell off to 29 1/2 again, but the stock was firm at the close. The trade in New-York Central was moderate, and the stock held a steady market at from 7 1/2 to 7 3/4 during the day. The most prominent feature of the day was the decline in Michigan Southern guaranteed stock, which, from 41 at the opening of business, fell off to 35 in the afternoon and closed heavy at the quotations. The statement of the year's business, just made public, has occasioned a great deal of surprise, and comes upon the market at an unfortunate time for Western Railway stocks. This road, in its reports of monthly gross earnings, has shown much less decrease than a majority of the Western roads, and stockholders were encouraged from the exhibit of the first six months to look for an early resumption of dividends in the guaranteed stock. In point of fact, such an idea appears to have been entertained by the Board at one time, a Committee having been appointed to consider the expediency of giving shareholders a credit for the semi-annual dividend. The result now given shows substantially that if any dividend was earned in the first six months of the year, it was lost in the last. The other prominent Western shares were quite firm, but had less animation than usual. Michigan Central and Illinois Central advanced a fraction each, and were strong during the day. Galena and Rock Island were maintained at about the quotations reached on Saturday. The third week's earnings of the Galena, which we annex, show a small gain over the corresponding week of last year. The three weeks of March, as reported for this year, foot up \$30,000 in round numbers, and the official returns for the whole month of last year were \$103,000. A sale of Cumberland was made at 33, and the stock was firm. There was but a limited business in Bonds at the Board, but prices were generally very firm. Missouri advanced to 80, and there were in very good demand. There are large orders in the street for State Stocks for banking purposes at the West, and outside transactions of considerable magnitude are reported. Government 5s of 1874 advanced to 104, which was bid at the close. At the Second Board the market was well sustained, except for Michigan Southern Preferred. Harlem preferred advanced to 104, and was in good demand. Pacific Mail sold at 79, and Panama was firm at 117. There was not much done in Toledo at either session, but the stock was in fair request at 25 during the day. The closing prices were for New-York Central, 78 1/2; Reading, 30 1/2; Erie, 29 1/2; Galena 68 1/2; Rock Island, 33 1/2; Toledo, 32 1/2; Michigan Southern 33 1/2; Preferred 42 1/2; Harlem, 124 1/2; Preferred 40 1/2; Cumberland Preferred, 104 1/2; Hudson River, 31 1/2; Michigan Central, 53 1/2; Panama, 117 1/2; Illinois Central, 61 1/2; Pacific Mail, 79 1/2; Missouri 80 1/2; Tennessee, 31 1/2; Erie, 29 1/2; Illinois Central Bonds, 91 1/2;
